

**10x** Transfer Speed  
Higher Energy Savings !

## 2.5" Portable Hard Drive H566

Digital media these days are geared towards higher resolution and higher definition, thus increasing the demand for higher capacity and higher transfer rates. In response to this demand, Pqi is proud to announce the H566, a small 2.5" USB 3.0 external hard drive that is designed to transfer data at the stellar speed of 5Gbps/sec (10x the speed of the fastest USB 2.0 device). It is prepared for the future USB 3.0 standard and yet backwards compatible with all USB 2.0 devices. We invite you to see it in action!

Pqi's 2.5" USB 3.0 external hard drive H566 has a new metallic silver casing that further accentuates its fashion appeal. The USB 3.0 interface marks new improvements in stability and energy efficiency. There are three H566 models to choose from, 320GB / 500GB / 640GB, and all come bundled with a free copy of a free copy of Ur-Smart encryption software.

### Product Specifications

Capacity: 320GB / 500GB / 640GB

Interface: USB 3.0/ 2.0

Dimensions: 82.5(L) x 128(W) x 17(H)mm

Weight: 200g

Software: TurboHDD USB – Turbo Boost USB transfer speed

Ur-Fortress – Data encryption

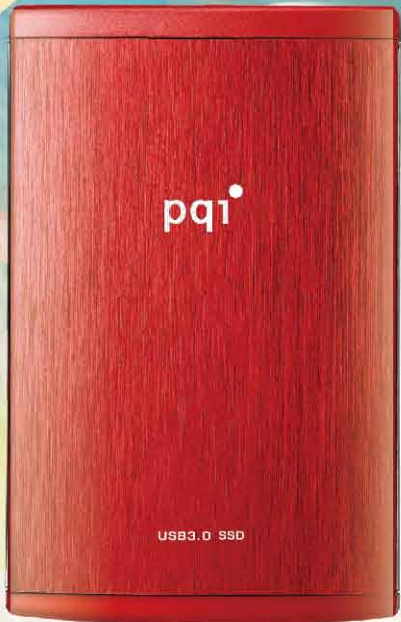

Ur-Smart – Mobile office & Document management Application

Operating System:

HDD OS System – Win 2000/ XP/ Vista/ 7/ Mac 10.X or above

S/W OS System – Win 2000/ XP/ Vista/ 7

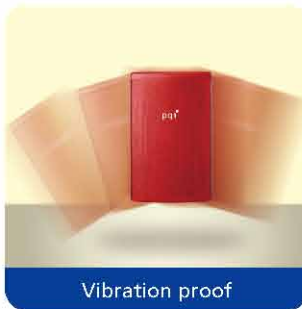

Warranty: 3 years

## 2.5" Solid State Disk S533-E

The birth of the latest USB 3.0 interface caused a stir on the PC peripheral market. PQI S533-E is a 2.5" external hard drive that houses a super fast Solid State Disk (SSD) and communicates via USB 3.0 interface! PQI is the first in the world to combine SSD and external housing. PQI's S533-E uses SATAII SSD that can be used as a standard hard drive (connect internally to laptop) or as an external hard drive via USB 3.0. Dramatically improving stability and efficiency, the USB 3.0 communication interface provides 10x the bandwidth of USB 2.0. PQI's S533-E is an enthusiast grade portable SSD drive! Externally, it incorporates rounded edge designs, hairline treated aluminum material and dazzled with opal red in color. It is aesthetic and practical, definitely a head-turner everywhere it goes!

### Product Specifications

- Capacity: 80GB/ 160GB
- Interface: SATAII Internal ; USB 3.0/ 2.0
- Performance: SATAII-Read: 250MB/s ; Write: 70MB/s  
USB3.0-Read: 236MB/s ; Write: 86MB/s
- Dimensions: 82.5(L) x 128(W) x 17(H)mm
- Weight: 170g
- Software: TurboHDD USB
- Operating System: S/W OS System - Win 2000/ XP/ Vista/ 7
- Warranty: 3 years

***Galloping into an era  
of super speed!***

## Cool Drive U368

To greet the coming of super high speed USB 3.0, PQI announces Cool Drive U368 USB flash drive. It features a USB 3.0 communication interface with PQI Turbo Boost for fast and efficient data transfer of mass data. Comparing to the current USB 2.0, USB 3.0 offers 10x more bandwidth and with the extra bandwidth, the storage capacity has increased from 8GB ~ 128GB as well! It is available in royal blue, the metallic casing design has a lid fit-on design so users can place the lid on the end tip to avoid miss placing it. The new USB 3.0 USB flash drives offer drastic transfer speed improvements, it is eagerly anticipated by consumers around the world!

### Product Specifications

Capacity: 8GB / 16GB / 32GB / 64GB / 128GB

Interface: USB 3.0/ 2.0

Dimensions: 90.1(L) x 22(W) x 11.1(H)mm

Weight: 25g± 0.5g

Software: TurboFlash USB – Turbo Boost USB transfer speed

Ur-Smart – Mobile office & Document management Application

Operating System: S/W OS System – Win 2000/ XP/ Vista/ 7

Warranty: 2 years
